BELCLARE

SHEEP SOCIETY

CONDITIONS OF SALE

1. The highest bidder to be the purchaser, subject to paragraph 3, and if any dispute should arise between two or more bidders then the lot in dispute to be put up again and re-sold, or the auctioneer may declare the purchaser.
2. Purchaser to give their names and place of abode and pay a deposit of 25% of the whole of the purchase money, in part payment of each lot, immediately upon the fall of the hammer if required.
3. Sheep to be sold in euros and fees to be charged to purchasers.
4. The sellers and the auctioneers hereby excluded have described the sheep to the best of their ability and knowledge, any express or implied conditions, warranty or representation statutory or otherwise.
5. Sheep will be sold in the order in which they appear in the catalogue subject to the right of the Auctioneers, in consultation with the authorised representatives of the Belclare Sheep Society, to offer the prize winners otherwise.
6. Reruns
The first two Senior Rams and the first Three Hogget rams may be rerun after lot 19 if they do not sell on the first occasion. And the first five ram lambs may be rerun after lot 72 if they have failed to sell on the first occasion. No other sheep will be permitted to be offered for sale a second time.

Purchasers are strongly advised to inspect sheep they may be interested in prior to purchasing.

Sheep Ireland EuroStars

How to select a ram fit for purpose?

Evaluations should **never be the only tool** you use when selecting animals for breeding. Animals must also be examined to ensure the animal is also physically correct; an animal that is not physically correct (ie. mouth, feet, etc.) cannot compensate for this fault regardless of its evaluation and should be avoided for breeding purposes.

€uroStars – How to interpret them

- Each star represents where the animal ranks on each index in 20% bounds
- **One star** represents the **bottom 20%** of the breed for that trait
- **Five star** represents the **top 20%** of the breed for that trait
- The higher the stars, the higher the predicted profitability of that animal

Animals that only have the outline of a star represent animals that have within flock evaluations, this means the star rating of these animals can not be compared to any other animals from a different flock.

Rank

- This figure indicates more precisely where the animals rank within the breed. eg. Top 11% (see example below)
- This is displayed with the black pointer, the further to the right these are on the scale, the better its position with the breed.

Acc % (Accuracy%)

- This figure is very important as it represents the amount of data behind each evaluation. Where Acc is low, much less emphasis should be placed on the evaluation, and vice versa.
- This is displayed with the grey pointer, the further to the right these are on the scale, the more information this evaluation is based on. e.g. Acc 43% (see example on previous page)

Acc % parameters

V.Poor, 0% - 14% **Poor**, 15% - 24%

Fair, 25% - 34% **Good**, 35% - 49%

V.Good, 50% and above

Indexes & Traits

- 1) Replacement (€1.126)** – If a farmer desires a ram to breed both lambs both for slaughter and replacement ewe lambs then they should select a ram based on this index. The bulk of this index is a combination of Lamb Survivability, Days to Slaughter, No. of lambs born & Daughters milk. The € value beside the index represents the difference in profit that each lamb sired from this ram will have.
- 2) Terminal (€0.542)** – If a farmer desires a ram to breed only lambs for slaughter then they should select a ram based on this index. The bulk of this index is a combination of Lamb Survivability and Days to Slaughter. The € value beside the index represents the difference in profit that each lamb sired from this ram will have.
- 3) Lamb Survivability** – This ranks animals based on lambing ease and lamb survival rate. Every positive % point on this index is an extra lamb surviving to 40 days and vice versa.
- 4) Days to Slaughter** – This ranks animals on their genetic ability to grow. The index associated with this trait represents the difference in the predicted number of days required for the progeny of this ram to reach the desired slaughtered weight compared with other animals of the same breed.
- 5) No. of Lambs Born** – This ranks animals based on the predicted prolificacy of the females from this animal compared with other animals of the same breed.
- 6) Daughters Milk** – This ranks animals based on the predicted milking performance of their daughters compared with other animals of the same breed.

RamSearch.ie

The Sheep Ireland Online Ram search is also available at ramsearch.ie, you can use this tool to get the most up to date evaluations for a ram, to **search for rams by county, breed and current evaluation ratings**.

IMPORTANT

RESPONSE TO THIS LETTER IS REQUIRED

Dear member

New Data Protection Laws come into force later this month. Consequently the Belclare Sheep Society needs permission from each member to use their personal details (name, address and phone number) to engage in the normal running of the society.

Currently the name, contact details and phone numbers of members of the society are used on our website, mailing lists, Yearbooks, Sales Catalogues and Pedigree Certificates. We share this information when requested with organisations such as Sheep Ireland and the National Sheep Breeders Association when we feel this would be of benefit to our members.

You can choose to opt out of all the above by not signing and returning this form in which case the society will no longer publish your details in any form (yearbook, website, pedigree certificates, website etc.)

If you give permission for the Society to publish and forward your personal details as has been done heretofore then please complete and sign the declaration below and return it to Michael Neenan, Dromakee, Kilflynn, Tralee, Co. Kerry.

I _____ Flock Code _____ hereby give permission to the secretary and officers of the Belclare Sheep Society Ltd to use and publish my name, address, phone number, email address and pedigree information relating to my activities as Belclare Sheep breeder. I understand that I can withdraw this permission at any time by contacting the secretary of the Belclare Sheep Society Ltd in writing.
