27, 57-58	Adam Stephenson • Woodfield Glen, Baltinglass, Co. Wicklow
13, 32-33	Clive, Geraldine, David Vance • Inver Glebe, Inver, Co. Donegal

€uroStar Evaluation Explanation Page

Important: Information in this catalogue is provided for or by the breeder, who is solely responsible for its accuracy—not Sheep Ireland

Evaluations should not be the only selection tool you use—animals must also be physically assessed (e.g. mouth, feet). Physical faults cannot be offset by strong evaluations and should be avoided in breeding.

See below how to interpret the €uroStar catalogue.

Animal ID: (Name, Pedigree ID, NSIS)

Animal Details: DOB, Breed, Sex & Birth Rank

Parentage DNA Verified: The parentage of this sheep has been confirmed to be accurate using DNA

M & F Scanned: This flock has been visited by Sheep Ireland and lambs have been weighed and scanned for Muscle & Back Fat

Animal breeder & owner details:

Lot 3: TULLY TANK HEF2111585, IE041234503204B

DOB: 04-MAR-2021 • Charollais • Male • Twin • Parentage DNA Verified • M&F Scanned • Scrapie: Type 1

Breeder & Owner: **John Farmer** • Castletroy, Tully, Co. Waterford • DQI: 91%

Flock DQI: Data Quality Index scores flocks on their data recording. Data completeness & timeliness are two criteria

Scrapie: This indicates the level of scrapie resistance based on the animals genotype. This scrapie result is not DAFM approved for export unless the animal is fully parentage verified

Commercial Data: This animals genetic evaluation contains commercial farm data collected through Sheep Ireland/Teagasc projects

Genotyped: This animal has been genotyped via Sheep Ireland

€uroStars – How to interpret them

- Each star represents where the animal ranks on each index in 20% bounds
- ★ Represents the **bottom 20%** of the breed for that trait
- ★★★★★ represents the **top 20%** of the breed for that trait
- Higher stars = Higher predicted profitability €

Animals that only have the outline of a star represent animals that have within flock evaluations, this means the star rating of these animals cannot be compared to any other animals from a different flock.

Rank

- This figure shows where an animal ranks within its breed in 20% bands—for example, “Top 20%” corresponds to five stars, while “Top 21%” corresponds to four stars (see example below)

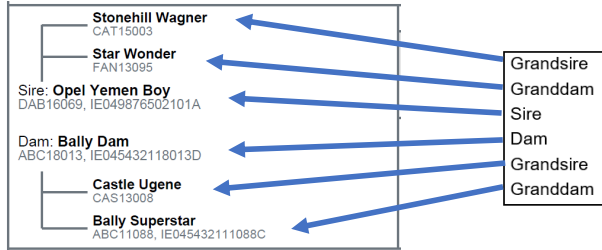

Acc% (Accuracy%)

- Accuracy indicates the amount of data behind each evaluation. Where Acc% is low, much less emphasis should be placed on the evaluation, and vice versa. Acc% is displayed for the Replacement and Terminal Index, e.g.

Acc 87%

Ancestry Information

Interpreting the Indexes and Traits

1) Replacement (€3.44) – Used to select rams for breeding both replacement females and slaughter lambs; This index combines survival, growth, fertility and milk traits. € value reflects **profit per lamb**, comparable across breeds.

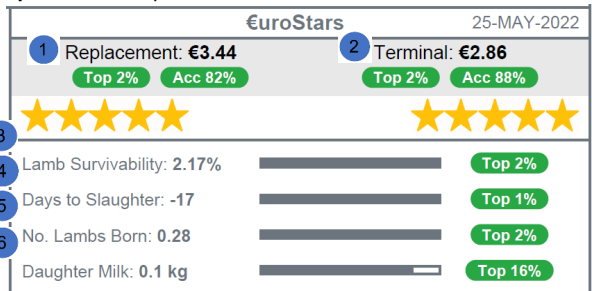

2) Terminal (€2.86) – Used to select rams for producing slaughter lambs; focuses mainly on survival and growth traits of progeny. € value reflects **profit per lamb**, comparable across breeds.

3) Lamb Survivability – Ranks animals based on lambing ease and lamb survival rate. Every positive % point on this index is an extra lamb surviving past 48hrs.

4) Days to Slaughter – Ranks animals on their genetic ability to grow. Fewer days indicates faster finishing to target weight.

5) No. of Lambs Born – Ranks animals based on the predicted prolificacy of the females from this animal compared with other animals of the same breed.

6) Daughters Milk – Ranks animals based on the predicted milking performance of their daughters compared with other animals of the same breed.

More info:

Visit www.sheep.ie for the latest news and information, or ramsearch.ie for up-to-date evaluations; search for rams by county, breed, and breeder.

Membership Application Form

Name: _____

Address: _____

_____ Eircode: _____

Tel: _____ Mobile: _____

Email: _____ Flock Designator: IE04 _____

Herd No: _____

Flock Name: First Choice: _____

Second Choice: _____

I _____ wish to apply for membership of the Belclare Sheep Society. I agree to be bound by the terms and conditions of the society and agree to pay a joining fee of €127 and €1 for one share in the Society (€128 total by cheque or PO). I understand that I need to possess at least three pedigree registered Belclare females to become a member of the Society.

Signed: _____ Date: _____

This form should be completed, signed and sent with appropriate fees and pedigree certificates of your Belclare females to:

**Jillian McCarthy,
Ballybeg,
Buttevant,
Co. Cork.
085-2774010.
belclaresec@gmail.com**

All pedigree certificates will be returned to you. Cheques or postal orders must be made payable to the Belclare Sheep Society.

Response to this letter is required

Dear Member

Due to data protection laws, the Belclare Sheep Society needs permission from each member to use their personal information (name, address, phone number) which will allow normal running of the society.

Currently the name, contact details and phone numbers of members of the society are used on our website, mailing lists, yearbooks, sales catalogues and pedigree certificates. We share this information when requested with organisations such as Sheep Ireland and the National Sheep Breeders Association (NSBA) when it is felt that it would be of benefit to the breeders.

You can choose to opt out of all the above by not signing and returning this form, in which case the society will no longer publish your details in any form (yearbook, website, pedigree certificates etc.)

If you give permission for the Society to publish and forward your personal details as has been done heretofore then please complete and sign the declaration below and return it to

Jillian McCarthy, Ballybeg, Buttevant, Co. Cork.

I _____ Flock code _____ hereby give permission to the secretary and officers of the Belclare Sheep Society Ltd to use and publish my name, address, phone number, email address and pedigree information relating to my activities as a Belclare sheep breeder. I understand that I can withdraw this permission at any time by contacting the secretary of the Belclare Sheep Society Ltd. In writing.

Signed _____

Date _____

NOTES

NOTES

ELITE LAMB PELLETS

Pat O'Brien, Headford, Co, Galway farms 330 suffolk/
mule cross ewes lambing in February and March and 40
spring calving suckler cows.

*"I find the Elite Lamb Pellets very good; lambs get onto it
very quickly and intakes are very good but more importantly
the weight gains and kill-outs are there to match it. We slaughtered
our first batch of lambs as young as 10-11 weeks this year
and they weighed 42-45kg and killed out over 50% dead weight.
I'm very happy to date with this product and I certainly
can't see us changing off it any time soon."*
