

# **Tullow Livestock Mart**

**Tuesday 5th September 2023**

**Show 11.00am**

**Sale 12.30pm**

6 Hogget Rams

18 Ram Lambs

Bidding Online with MartEye

[www.belclaresheep.com](http://www.belclaresheep.com)

## CONDITIONS OF SALE

1. The highest bidder to be the purchaser, subject to paragraph 3, and if any dispute should arise between two or more bidders then the lot in dispute to be put up again and re-sold, or the auctioneer may declare the purchaser.
2. Sheep to be sold in euros and fees to be charged to purchasers.
3. The sellers and the auctioneers hereby excluded have described the sheep to the best of their ability and knowledge, any express or implied conditions, warranty or representation statutory or otherwise.
4. Sheep will be sold in the order in which they appear in the catalogue subject to the right of the Auctioneers, in consultation with the authorised representatives of the Belclare Sheep Society, to offer the prize winners otherwise.
5. Reruns: Unsold Senior Rams and the first five unsold hogget rams and ram lambs may be rerun after the first ballot if they do not sell on the first occasion. No other sheep will be permitted to be offered for sale a second time.'

Purchasers are strongly advised to inspect sheep they may be interested in prior to purchasing.

# VENDORS

<b>Lot</b>	<b>Vendor</b>
402	<b>LAURENCE BARRETT</b> • Kilmeany, Carlow, Co. Carlow
409, 417	<b>FRANK CAMPION</b> • Luskenagh, Ballydaniel, Co. Kilkenny
403-406	<b>PATRICK DOYLE</b> • Ballyparsna, Ballycullane, New Ross, Co. Wexford
412, 421	<b>EDWINA GOTTSTEIN</b> • Coolkellure House, Dunmanway, Co. Cork
407, 413-414, 422	<b>MICHAEL GOTTSTEIN</b> • Coolkellure House, Dunmanway, Co. Cork
408, 415-416	<b>JOHN KENNEDY</b> • Dranagh, St. Mullins, Via Kilkenny, Co. Carlow
410, 418-419, 423-424	<b>PAUL RUSSELL</b> • Corcreagh, Shercock, Carrickmacross Co. Monaghan
401, 411, 420	<b>PAUL SMYTH</b> • Aharney, Tullamore, Co. Offaly

**Important: The Pedigree Information printed in this catalogue is as supplied by or on behalf of the breeder. The responsibility for the accuracy of the information therefore rests solely with the breeder and not Sheep Ireland.**

Evaluations should **never be the only tool** you use when selecting animals for breeding. Animals must also be examined to ensure the animal is also physically correct; an animal that is not physically correct (ie. mouth, feet, etc.) cannot compensate for this fault regardless of its evaluation and should be avoided for breeding purposes. See below how to interpret the €uroStar catalogue.

## €uroStars – How to interpret them

- Each star represents where the animal ranks on each index in 20% bounds
- **One star** represents the **bottom 20%** of the breed for that trait
- **Five star** represents the **top 20%** of the breed for that trait
- The higher the stars, the higher the predicted profitability of that animal

Animals that only have the outline of a star represent animals that have within flock evaluations, this means the star rating of these animals cannot be compared to any other animals from a different flock.

## Rank

- This figure indicates more precisely where the animals rank within the breed. eg. Top 16% (see example below)
- This is displayed with a shaded line, the further to the right these are on the scale, the better its position within the breed.

## Acc% (Accuracy%)

- This figure is very important as it represents the amount of data behind each evaluation. Where Acc% is low, much less emphasis should be placed on the evaluation, and vice versa.
- Accuracy is displayed for the Replacement & Terminal Indices. It is not displayed for the four sub-traits. If an animal has high accuracy on Replacement & Terminal, it will be high accuracy across all traits.

## Ancestry Information

Grandsire  
Granddam  
Sire  
Dam  
Grandsire  
Granddam

**Acc% parameters**  
**V.Poor, 0% - 19% Poor, 20% - 34%**  
**Fair, 35% - 44% Good, 45% - 59%**  
**V.Good, 60% and above**

**1) Replacement (€3.44)** – If a farmer desires a ram to breed both lambs both for slaughter and replacement ewe lambs then they should select a ram based on this index. The bulk of this index is a combination of Lamb Survivability, Days to Slaughter, No. of lambs born & Daughters milk. The € value beside the index represents the difference in profit that each lamb sired from this ram will have. This € value is an across breed value, so different breeds can be compared to each other.

**2) Terminal (€2.86)** – If a farmer desires a ram to breed only lambs for slaughter then they should select a ram based on this index. The bulk of this index is a combination of Lamb Survivability and Days to Slaughter. The € value beside the index represents the difference in profit that each lamb sired from this ram will have. This € value is an across breed value, so different breeds can be compared to each other.

**3) Lamb Survivability** – This ranks animals based on lambing ease and lamb survival rate. Every positive % point on this index is an extra lamb surviving to 40 days and vice versa.

**4) Days to Slaughter** – This ranks animals on their genetic ability to grow. The index associated with this trait represents the difference in the predicted number of days required for the progeny of this ram to reach the desired slaughtered weight compared with other animals of the same breed.

**5) No. of Lambs Born** – This ranks animals based on the predicted prolificacy of the females from this animal compared with other animals of the same breed.

**6) Daughters Milk** – This ranks animals based on the predicted milking performance of their daughters compared with other animals of the same breed.

## RamSearch.ie

The Sheep Ireland Online Ram search is also available at [ramsearch.ie](http://ramsearch.ie), you can use this tool to get the most up to date evaluations for a ram, to **search for rams by county, breed and current evaluation ratings**.

### Contact Us

Find out more about EuroStar rams, LambPlus or the Online Ram search you can visit [www.sheep.ie](http://www.sheep.ie), E-mail [query@sheep.ie](mailto:query@sheep.ie), or Call us on **023 882 0451**
